Brooklyngame at Eastern Park yesterday in the first half of the ninth inning, and after the usual half-hour wait Umpire Emsiledeclared the fight a draw. The Bostons' lend was cut down to twenty-eight points, as the Beancaters lost at Philadelphia and the Haltimores scored an easy victory over the Washingtons. The Pittsburghs had lots of fun at the expense of St. Louis and elinched their hold upon third position. Cleve-land beat Chicago and exchanged places, while Cincinnati barely defeated the Louisvilles. The

Ten thousand persons saw one of the most exciting games of the seas on at Eastern Park yesterday afternoon. A meeting between the New Yorks and Brooklyns always means blood, and yesterday's conflict was no exception to the rule. Manager Foutz had been saving Bill Kennedy for the Gothamites, and as the day was dark he had them right under his thumb. After the first inning they couldn't score and with men on bases they couldn't hit a balloon. Dad Clarke also pitched a masteriy game. In fact, his work son that he pulled out of more tight places by

sheer nerve and self-control.

The New Yorks lost a possible chance to win the game in the ninth inning. They had men on second and third bases, with two hands out,

second and third bases, with two hands out, when the rain studenty fell in sheets and drenched the field so that after a wait of thirty minutes. Impure Emsile had to declare the game off. Shorty Fuller was at but at the time, but whether he could have made the necessary hit or not is another question. Suffice it to say that the crowd went away with the feeling that perhaps it was all for the best.

The same old trouble that has been the cause of the New Yorks' poor showing during the past ten days was again manifest. The team couldn't but, and assemed at times to lose heart. Manager Doyle was in uniform and on the coaching lines continually, and to his credit it must be said that he succeeded in putting considerable life into his men. But the dash and vim that characterizes the playing of the Bostons and Baltimores and was a feature of the New Yorks' work during the latter part of last season was lacking, and the crowd soon realized it. In order to win games nowadays League teams must be on the jump at all times. They must fit the ball and run the bases with life and good judgment and must never say die. Until the New Yorks adopt such methods they canmust hit the ball and run the bases with life and good judgment and must never say die. Until the New Yorks adopt such methods they cannot be expected to win. With any kind of championship ball they could capture nearly all of the games pitched by Clarke and German, to say nothing of Rusle, and nobody with any sense can attribute their non-success to weakness in the box.

The Brooklyns hustled all together, but, as mentioned above, they found Clarke's pitching

ring a couple of errors, was far superior to that of the Harlemites, formmy Corcoran in particular playing a superb game at short field. But somebody blundered when Griffin and Daly collided in the eighth inning in the same way that poor Hub Collins and Burns came together a few years ago. Fortunately, however, the only injury resulting from the accident was a severe shaking up for Daly, who had to leave the game. Shindle's third-base play and a great catch of a foul by Lachance were among the Brooklyn features. For the New Yorks about the best fielding was done by Charley Farrell and Bill Clark, the new first baseman. The latter made an excellent impression, and bids fair to become a successful player in time.

player in time.

Van Haitren was guilty of two stupid errors and so were Stafford and Fuller. With more grit and nerve such blunders would not be daily occurrences. Outside of Terman and Van Haitren the New Yorks were simply a lot of wooden Indians at the tat. In two instances the New Yorks led off with a safe hit, but the next three men were like so many sticks in front of Kennedy. On other occasions with a man on first a force-out seemed inevitable. Such batting doesn't make runs and without runs a team

can't win.

Probably Dad Clarke never showed more skill and nerve than in the fifth inning when, with one out and the bases illied, he had to dispose of big Lachance and Tredway. Dad was as cool as an autumn breeze, and fooled Lachance so that the tail Irishman popped a little fly to Bill Clark, while Tredway was meat for Van Haltren. That was such a close shave that there were thousands of cases of heart disease. Ny to Bill Clark, while Tredway was meat for Van Haltren. That was such a close shave that there were thousands of cases of heart disease. Kennedy also pulled out of a predicament in the fourth when, with two men on bases and two out, Shindle hauled down a hot liner from Dad Clarke's wagon tongue. Umpire Emsile was a bit off on balls and strikes, but this was probably due to the poor light, as heavy black clouds shut out the sun during the whole game.

The New Yorks were sent to the bat first amid great cheering and a harsh blowing of fish-horns by rival rooters who packed the stands to suffocation. Little Murphy got a base on balls, and Tiernan hammered a beautiful single to centre. Van Haltren's hot one was too much for Daly, and the bases were filled. Bill Clark drove the ball to Daly and forced Van, but Corcoran threw wildly to first, and both Murphy and the was left, as Schriver grounded to Corcoran. Murphy opened the third inning with a pretty gingle to right, and as Griffin returned the ball to second a bit wide. "Murph" tried to make the bag, but was nailed, Corcoran to Daily. Tiernan then, and Van Haltren died casy. Griffin grounded to Fuller, and Corcoran's hit was spiendidly stopped by Clark, who handed the ball to Dad in time. Lachance singled, but he was anchored, as Murphy made a good running catch of Tredway's fly.

Bill Clark started the fourth with a cracking single, but he was forced by Stafford. The latter atole second, Daily dropping the bail, and Schriver got four bad ones. Stafford tried to steal third, and was nipped, Schriver meanwhile never leaving first. Farrell then got a base on balls, but Shindle collared Dad Clarke's hot liner, and the side was out. Shindle popped one for schriver in Brooklyn's half, Fuller setted Daily, and Anderson flied to Murphy.

Fuller's effort in the fifth was a high fly to Tredway. Murphy struck out and Tiernan lined a safe hit to left. Mike stole second on Baile but to late. Wike stole second on Baile but to late. Corcoran banged a single to left and the corners were covered, Murphy's fast fleiding keeping Kennedy on third. Hig Lachance could only pop one for Bill Clark, and Tradway boomed a fly to Van Haitren. The New Yorks were quickly retired in the sixth on infield grounders. Shindle then drove a two-bagger to left and Daly sacrificed him to third. Anderson put up a long fly that Van Haitren. The New Yorks were quickly retired in the sixth on infield grounders. BALD DEFEATS CHARLEY MURPHY. The Buffalo Fiver and Cabanas Make New Records at Manhattan Beach.

The presence of the leading racing men in classes A and B at the fourteenth annual race meet of the Kings County Wheelmen, held at the new bicycle track at Manhattan Beach yesterday, was productive of some exciting races and new records. About 4,000 persons were present. The track was in fine condition before the rain. The only objectionable features of the neeting were the long and circuitous walk from the railroad to the track and the unnecessary

delays in starting the races. The entries were large in all the events. Members of the Riverside and Liberty Wheelmen had big fields in the various races, the latter organization capturing a number of prizes. Chairman George D. Ghicon of the L. A. W. Racing Board officiated as referee and put good time limits on all the races. This prevented loading contests, except in one instance. By consent of the officers of the New York State division the one-mile State champlonship was run off at the meeting. Five riders started after a time limit of 2 minutes 30 seconds had been placed on the race. The men loafed the entire distance and finished in 2 minutes 44 seconds. The referee consented to give the men a second trial, and they then rode the distance well inside the limit.

The Kings County Club provided some novel prizes in the class B events in the form of nuggets of gold. Walter Sanger's action in joining the professional ranks prevented him from meeting C. M. Murphy in a one-mile match race, but he made an attempt to lower the half mile, unhe made an attempt to lower the half mile, unpaced, professional record of 58 2-5 seconds, held by himself. He could not do better than 59 31-5 seconds, although the circumstances were favorable for fast time. The one-mile class B race brought together C. Murphy, Cabanne, Baid, L. S. Johnson, L. S. Caliahan, C. Karl, and Earl Kiser. This was the pretiest race of the day. Earl cut the pace for the crowd, and they came into the homestretch well bunched. Near the finish Eddle Baid jumped away, winning by two lengths from C. M. Murphy in 2 minutes 21-5 seconds. The record for this distance is 2 minutes 14-5 seconds. Baid has competed in welve one-mile races this year, of which he has won ten, riding seven under 2 minutes 10 seconds. The time in the one-mile race is the new track record in competition.

onds. The time in the one-mile race is the new track record in competition.

C. M. Murphy, who holds the one-mile world's competition record, attempted to establish a new mile record, but failed. He was paced by a tandem, and covered the distance in 2 minutes 2 seconds. Murphy did not receive a very cordial reception from the crowd. This was attributed to some alleged tricky riding on his part at the recent stake meet at Manhattan Beach.

W. F. Sims, who was recently suspended and later reinstated by the L. A. W. Racing Board, had a narrow escape from a serious missing. He started from the thirty-five-yard mark in the one-mile Class B handicap, and had the race well in hand, when, in passing the judges' stand, I. A. Silvie, who was riding in the rear, ran into Sims and threw him violently against the supports of the stand. He had to be assisted to his dressing room, but an examination proved that he was only bruised and generally shaken 2).

ports of the stand. He had to be assisted to his dressing room, but an examination proved that he was only bruised and generally shaken up. The failure of the track management to put a guard around the outside of the track caused several riders to run down the high banking and off the track.

The five-mile bandicap race was ridden in record time. Cabanne, from scratch, covered the distance in 12 minutes 4 seconds, which lowers the competition record of 12 minutes 11 seconds, established by Monte Scott at Asbury Park last August. Summaries:

There was no blue blood in his veins; on the contrary, he was a hairy-legged pleblean of pacing origin, but few better trotters than the son of Bay Tom, Jr., and Fidele, by Tom Hal, have ever been owned about New York. He have ever been owned about New York. He came out in 1890, when he took a record of 2:2446 at Maysville, Ky., and in 1892, in the hands of Ed Odell, he made a successful early campaign on Northern tracks, trotting in 2:1645 at Philadelphia. Two years later he became the property of John Dingee of Brooklyn, the former owner of Mits Alice, who placed him in the hands of John Shillinglaw to train and campaign. Shillinglaw won a great race with the converted pacer at Philadelphia in June last year, defeating Judge Austin and a lot of other cracks and cutting his mark down to 2:143. At the Poughkeepsie Grand Circuit meeting he trotted another great race against Bob Stewart's Aunt Delilah and others, lowering his record to 2:134. Mr. Dingee consigned him to Kelloge's combination sale last March, where Frank Fox bought him for Richard Croker for \$1,275. Mr. Croker soon afterward took him to England along with his string of thoroughbreds, and has since then driven him on the roau.

One of the most exciting games ever played in the championship series of the Metropolitan District Cricket League resulted from the meeting of the Manhattans and the New Jersey A. C. yesterday at Prospect Park. The last Jersey man came in with three runs to win and before they could be obtained a catch at the wickets retired the side and the Manhattans proved victorious by one run. The fine allround play of J. Mart was a material factor in the result. The score:

Ladies' Day at the Atlantic Yacht Club. The annual Ladies' Day Regatta of the Atlantie Yacht Club was held at Bay Ridge yesterday afternoon. The fine weather brought out a number of yachting enthusiasts. The race was sailed over a triangular course five and a haif miles in length. The course was laid out directly in front of the club house, and the spectators could see the movements of the yachts through-

could see the movements of the yachts throughout the race.

The boats sailed twice about the course. Each
boat competing was required to carry not less
than two nor more than six women. The ladies,
in their bright-colored yachting suits, added a
pleasant touch of color to the trim white yachts.

A light breeze blew from the southeast, which
the yachtsmen called "a regular ladies" day
bereze."

The stariers were as follows: Sloop yachts
Choctaw, Penguin, and Ponito, and catboats
Juanita, Ethel, and Talitha. The start was
made a few minutes past 30 clock. The race
was won by the Penguin, which inished at
5:53:45. The Ethel finished second at 5:50:03.

The rest of the boats dropped out of the race.
